What we are learning

This month we are learning about fall, squirrels, turkeys and Thanksgiving.

This month we will begin to write our names each day. Your child has a name book that has their name in dotted letters. This month they will trace the letters in their name. Last month we practiced tracing lines for this purpose! Everyone is continuing to work on holding the pencil correctly. They will bring the book home at the end of the month so you can see their progress.

Classroom News

November is finally here with cooler weather. September and October had wonderful weather we hope November is the same! We will continue to go outside when the weather is above 32 degrees. Please make sure you label all hats, mittens and coats so we know who they belong to! If you want to leave a hat and mittens in their cubby that is fine! Then we will know they have it! I recommend mittens over gloves. Gloves are difficult for children to put on. We are teaching them to be independent and mittens are a great first step!

We will have a snack feast on 11/22 and 11/23. It is always a classroom favorite! I will send out more information as we get closer to the date!

We continue to catch your children doing positive things in the class each day! We reward them with being able to put a smiley face on Mr. Cool. They love it and so do we! Ask your child what color smiley face they put on him!

All the children are learning a lot and having fun in school. They are forming nice friendships.
